Sri Vijay Shankar spoke in this occasion where he said he in 1998 was elected as Member of Parliament under the ages of Atal Bihari Vajpayee. It was minority party then which lost its majority. Vijayaraj Sindia was member of lok sabha. He came to vote for Vajpayee to prove majority. He came all the way from hospital in stretches and voted in lobby. But still Atal ji Govt fell. Press gathered outside parliament who forced to spoke to rajmatha. She happily accepted the call of press. The very first question asked- Atal ji s Govt. fell and which Govt will come. Congress Govt will come. Madhav Rao will he come? Is he not your son? Don't you like him to be the Prime Minister. She said Atal ji is my son too. Then they asked what the difference between putra and suputra is. Suputra is vamshodharaka who keeps and takes family name. Putra is just heir to father's property.

Further he addressed students as to what they like to become? Putra or Suputra. Life's main aim is- "*Asathoma sadgamaya thamasoma jothirgamaya. Mrithonma anruthangamaya.*" We have to develop education which takes us towards light. That which removes darkness beneath me is knowledge. Death is certain but there is no death for knowledge and your success. We have crossed the age of adolescent. We have to treat our children as friends when they cross that age.

Nothing is impossible in this world. Swami Vivakananda said- A frog came to sea and said to a frog in well and asked there is big world than this well.

Pancha sutras- firstly any person should be

1. Punctual.
2. Diary- writing
3. Friendship/companion we keep
4. Dedication towards work

### Report on Orientation Programme for First Year Law Students -2019-20

Our Vidyavardhaka Law College organized Orientation Programme for First Year Law Students on 05-08-2019 at College Auditorium. Well come speech rendered by Prof. Deepu.p, principal, Vidyavardhaka Law College, Mysuru. This function has been inaugurated by Sr. Suresh K. Vontigodi, Principal district judge, District Court, Mysuru. In his inaugural speech he said the practice of law has always demanded the highest and best efforts of the lawyer. At present legal profession is one of the dignified professions. Legal ethics is a term used to describe a code of conduct governing proper professional behavior, which establishes the nature of obligations owed to individuals and to society. A lawyer shall always conduct himself ethically and morally. The best way a lawyer can uphold the integrity and dignity of the legal profession is not to engage in any conduct or do any act that adversely reflects on his fitness to practice law, nor to behave, in his public or private life, in a scandalous manner to the discredit of the legal profession.

Chief Guest of this function Sri Swamiji Yukteshananda Said Personality development is the development of the organized pattern of behaviors and attitudes that makes a person distinctive. Personality development occurs by the ongoing interaction of temperament, character, and environment. He said personal development may include the following activities:

- Improving self-awareness.
- Improving self-knowledge.
- Improving skills and/or learning new ones.
- Building or renewing identity/self-esteem.
- Developing strengths or talents.
- Improving a career.
- Identifying or improving potential.

**REPORT ON ORIENTATION PROGRAMME**

Vidyavardhaka Law College, Mysuru organized three days Orientation Programme for the students of First Year B.A.LL.B (5yrs) course from 15<sup>th</sup> to 17<sup>th</sup> October 2020. About 60 students and 10 faculty members participated in this programme.

**Prof K.S Suresh**, CEO, JSS Law College inaugurated the occasion and spoke on “**Importance of Legal Profession**”. Addressing the students he said legal professionals need lot of humility. Law students should inculcate this within them and change their attitude when once they enter legal profession.

Speaking about importance of conducting orientation programme for freshers he said it is necessary to educate students about legal education and introduce them to the course. Such programmes should be organized systematically so that students are aware about the course and curriculum. The programme should deal with explanation of curriculum, syllabus and the course. Students must know the entire schedule of the University and the academic calendar. He also advised to involve parents in such orientation programmes.

Further he said the in a college not only curriculum matters, even co-curricular activities educate students. Debating and mootng skills are more important for a law student. By involving in these kinds of activities students will succeed in the profession in future. Attending courts like consumer courts, labour courts, revenue Courts, advocate’s chamber etc. is important as students can understand the practical aspects of legal profession.

Overall parents too should support their children to involve in these kinds of activities and should supervise their children activities.

**BRIEF REPORT ON ORIENTATION PROGRAMME**

Orientation Programme was organized for 3yrs LL.B Freshers from 9<sup>th</sup> to 12<sup>th</sup> January 2021. The programme was inaugurated by Prof.(Dr) Ramesh, Professor, NLSIU, Presided by Smt Deepu.P, Principal and Guest of honor Prof K.B Vasudeva was present.

**Prof. (Dr) Ramesh, Professor, NLSIU**

**Prof. (Dr) Ramesh, Professor, NLSIU** delivered the inaugural speech. He began his speech by identifying few aspects of studying law. On the question- Why to study law? , he said many a times choosing law will be a chance and not choice. But with changing time competition has been created even to get in to a Law School. Law School offers only hundred seats where more than 65000 applications are received all over India. There may also be a compulsion in choosing law which often will be out of "inheritance" of family.

Quoting Sir Issac Newton, profounder of theory of motion, he said, the chance creates a greater opportunity for new things. A real lawyer is a guardian of life. There is no other service in life than the service of a lawyer. It is a noble profession. The choice made by choosing law, will never be regretted.

Further, speaking on what is Law? He said law is just a code of conduct which regulates behavior of every individual. Law tries to bring control in the behavior of individual. It tries to bring control in his behavior. It brings in discipline into our life and ensures civilized behavior. Anything which is considered as inhuman becomes illegal.

Speaking on studying law, he said society wants law and within society there are many problems. In order to avoid frictions in society law is required. There need not be a conflict in source of law. If society feels there is inequality, disparity and there is a requirement of change, the mechanism of law is adopted. Law brings about social change. Trained people in legal profession can understand law better and secure justice which is the very basis of social change.

When there is a need for law, there will be a specialist to administer justice. The requirement of law is not that what a lawyer wants but what a society wants. Law is associated with noblest of

**PRINCIPAL**  
Vidyavardhaka Law College  
Mysore - 570 001

life and society. Law is signified through a blind fold lady with sword in one hand and balance in another hand which signifies justice in society.

Further, speaking on law education, he said it is not just one stream of learning. It is not to be called as legal education but as law education. Ignorance of law is no excuse which means everyone should know law. It is required that no one should be unjustly benefited at my interest. The language of law is not common man's language. It sounds like English but really not English. Several jargons and negative expressions are used. The language may be different but problems in life are common to all. The language of law is complicated. In this regard he narrated the example of criminal trial process before the court of law.

Speaking on opportunities after law education, he said learning is human life. Learning law is how to behave, to rationalize, to know what is right and wrong. Law Profession as such looks difficult but it is not so. A student who wishes to become an advocate can start his independent practice or else join a senior advocate who has an established office. After few years of practice, students can even opt to enter judicial service. Continuing their law education, after completing masters they can even choose to become a law teacher. Legal consultation, drafting are all budding professions now a days. Getting into competitive exams is also a better option for law students, where most of them do well as administrators. He concluded his speech by wishing students all the very best and appreciated their decision for choosing law.

**Dr Raveesh B. N**, Psychiatrist MMC, Mysuru spoke on "Values of Values". Addressing students he recalled the inaugural speech of Dr. M.K Ramesh who spoke about importance of studying law which gives us knowledge of reasoning. Today students need to understand the value of values. What is done to our children they will do it to society. They learn by seeing others, our elders and our teachers. One, who subscribes to one set of values, does another. There is immaturity and uncertainty of doing things among people. They work against their self-conscious, which has no value. When there is maturity, there is clear values and meaning and proper direction in life. There is also a value for invention and it must be used wisely.

Speaking on Value he said it is quality of an individual or thing. It is feeling of honesty, truthfulness and humanity. Literally it means "to be worth of". Answering the question what is Value? He said it is qualities, characteristics or ideas about which we feel strongly. It affects our decisions, goals and behavior. They are standards to guide our judgment and attitudes in every profession. Everybody has a purpose in life. Our values come from environment and context; Cultural history and upbringing; world view and self-concept and self-esteem. These are the interactions through which value develop.

Further he said that in India, Family values are important. Indian civilization is one of the oldest and it imbibes the family values. They are the basis for children's growth and their function in the society. The family values contain the ideas passed on from generation to generation. It includes tradition, values and belief.

**1<sup>st</sup> BA LL.B., 5 Yrs Course Orientation Programme Report**  
**2021-2022**

From 15-11-2021 to 17-11-2021 three days orientation Programme was organized for 1<sup>st</sup> BA LL.B 5Yrs students. In this occasion Principal Dr. Deepu P welcomed the guest and gathering. This programme was inaugurated by Smt. Vidya K, Principal Sr Civil Judge & CJM District Court, Mysuru. In her inaugural address she remembered her college days where she had more opportunities to involve in extracurricular activities along with the curricular activities. She said that while delivering the judgment she remembers her teachers and not the curriculum subjects. Their impression on her mind is more than what they taught and the subjects are remembered because of the teacher. She pointed out the role of legal Profession in the administration of Justice. The Lawyers are considered to be the center of the administration of justice. Lawyers are the one who are related to the parties, they listen to the party and collect all the relevant legal materials relating to the case and argue the case in court, thus helping the Judge to arrive at the correct and fair judgment.

In the modern world, everything is dynamic, whether it is the technological advancements or the social conditions; all the factors are constantly changing and evolving for good. Therefore, it is impossible that the way people work remains the same. Almost all the professions are diversifying and new profession cropping up, opening up new opportunities for today's youngsters. Among these is one of the oldest professions known to mankind, the legal profession. It is also one of the most important professions for the administration of justice and to maintain a balance between the legislature and the common people. It has been emphasized many times that, "A well-organized system of judicial administration proposes a properly equipped and

proficient Bar." This profession, like all others, has not remained unaffected from the social, economic and political changes across the world. In India, the changes in the Legal Education System have revolutionized the Legal Profession and will have far reaching consequences. She said that today young lawyers are attracted more towards criminal side cases. They are not concentrating on civil matters. But these cases call for more detail study and time. She advised students to take up civil matters rather than criminal side.

The programme was presided over by Sri. Gundappa Gowda Hon'ble President, Vidyavardhaka Sangha®, Mysuru. In his presidential address he inspired the law students to pursue law course with interest. He told if you're like most law students, you'll soon find yourself questioning your decision to become a lawyer and wondering whether you would have been better off disconnecting from the public power grid. He also explained about importance of moral education. Every enduring community has a moral code and it is the responsibility and the concern of the adults to instill this code in the hearts and minds of the young. Since the advent of schooling, adults have expected the schools to contribute positively to the moral education of students. In this occasion Hon'ble Secretary Er P Vishanath and Hon'ble Treasure Sri. Shrishaila Ramannanavar was present as the Guest Honour. The inaugural session concluded with vote of thanks proposed by the Co-coordinator of the programme Sri. Chanaiah T H. This programme was hosted by Dr. Prakruthi A R. Deepu, Principal, Vidyavardhaka Law College, Mysore welcomed the dignitaries and at the end of the program Sri. H.S.
