Programme Report:

On 24/09/2021 on the occasion of NSS Day 2021 the VVLC NSS Unit organized one day programme by cleaning our library and by organizing Special Lecture on Importance of Social Service’.

The VVLC staff and about 40 NSS volunteers’ participated and cleaned the library. A special lecture was also organized in this occasion. Sri. M. Nagraju. Senior Advocate Mysuru Bar Association spoke on ‘Importance of Social Service. Principal Dr. Deepu P welcomed the gathering. Chief guest Sri M Nagraju during his speech mentioned that Social Service or Social Work is the work done by individuals for the benefit of the society. It should be aimed to promote social change or a development in the society. It includes the principles based on social justice, human rights, and the responsibility of each citizen with respect to the diverse social culture of the country. There are many theories which help the people to do successful social work. Students are the future of our country. It is the students who are going to develop our country in the near future. It is not wrong to say that our country is in the hands of the students who are studying today. When they will grow up and become professionals, they will work for the betterment of the country. So, these students should know how to interact socially, how to understand other people’s problems and how to work for the social betterment of the society. It is not only the society which gets benefitted from the social work done by the students, but it is also the students who get benefitted from the Social Work. The importance of social services in a student’s life is- **Better Utilization of Time- It gives Satisfaction to the Students- It gives Motivation to the Students- It gives Inspiration to the Students.** The students will feel that their existence has some meaning. When they will help people, they will gain their blessings, which is a very good feeling internally. The students who think that the country is not good or the country has no future should start working for the betterment of the country from now, so that they can proudly say that they are a proud citizen of their country and will make it a better place to live in. Finally, the coordinator of this programme Sri. Prashanth T M delivered vote of thanks.
