SHESHADRI IYER ROAD, MYSURU-1

7.1.5 Green Campus initiatives introduced by the college

GREEN CAMPUS INITIATIVE

The college believes in sustainable living practices that are environmental friendly. It also encourages the students to follow the same. Majority of our students come to college by public transport (bus/train). The roads in and around the college are pedestrians friendly. The campus is cleaned on daily basis by housekeeping service provided by the management. Dry Waste disposal bins are also kept in the college premises.

a) Restricted entry of automobiles- the college provides separate parking facility for students and staffs. Separate parking for both two wheeler and four wheeler is provided for staffs only. For students only two wheeler parking facility is provided. Outsider's vehicles entry is restricted.

b) Pedestrian friendly pathways- the college is situated in the heart of the city and is very near to railway station and bus stand. Since it is one of the busiest places in the city, adequate pedestrian friendly path ways are provided in and around the college campus. This ensures road safety

c) Ban on Use of Plastics- in order to minimize the damage caused to environment by use of plastic, the college has taken initiative to ensure plastic free campus by abandoning use of plastic bags, folders, plastic cups and ban on using plastic covers for assignment submission. NSS volunteers too clean campus regularly.

d) Landscaping with trees and plants- the college has minimal landscaping with trees and plants. Through NSS Cell sapling plantation and campus cleaning initiatives are taken.
