Date: 7th September 2019

Venue: Sri P.M Chickkaboraiah Hall

Report on Teacher's Day

On 7th September 2019 teacher's day was celebrated. Sri Srinath, Senior Advocate of Mysore and a person known to be as teacher's teacher spoke on student teacher relationship in present day. Remembering his initial time as an academician, he said that Prof P.M Chikkaboraiah developed the college with a vision of promoting legal education to the poor and in this regard there were eminent advocates teaching at VVLC way back in 70s. The student and teacher relationship then was different as more importance was given to moral education. Now a days students tend to learn from many other sources apart from class room. Computer and internet have replaced the role of teachers. This has created a new trend in the method of teaching. Books have been cornered and technology has taken the role of giving knowledge of that of a book. Even students studying in school prepare their assignments and notes within 10 min by downloading the information and necessary photos through Google. Overall the legal education today requires students to learn about professional ethics. Students who chose to practice law come with less knowledge of law. This is because they only know to use internet and download the information but they never try to analyze the information available. Drafting skills are poor as readymade deeds are easily available online.

Wishing all the faculties of our college a very best in their future endeavors, he appreciated the task taken up by Prof K.B Vasudeva, Director of Legal Studies, VVLC and Smt Deepu.P, Principal, VVLC. Advocate Sri Srinath was felicitated by the faculty members. Teachers who participated in various sports events were given prizes by the guest. A Vote of thanks was proposed by student of final year.
