REPORT ON ORIENTATION PROGRAMME

Vidyavardhaka Law College, Mysuru organized three days Orientation Programme for the students of First Year BA.LL.B (5yrs) course from 15th to 17th October 2020. About 60 students and 10 faculty members participated in this programme.

Day 1

Prof K.S Suresh, CEO, JSS Law College inaugurated the occasion and spoke on “**Importance of Legal Profession**”. Addressing the students he said legal professionals need lot of humility. Law students should inculcate this within them and change their attitude when once they enter legal profession.

Speaking about importance of conducting orientation programme for freshers he said it is necessary to educate students about legal education and introduce them to the course. Such programmes should be organized systematically so that students are aware about the course and curriculum. The programme should deal with explanation of curriculum, syllabus and the course. Students must know the entire schedule of the University and the academic calendar. He also advised to involve parents in such orientation programmes.

Further he said the in a college not only curriculum matters, even co-curricular activities educate students. Debating and mootng skills are more important for a law student. By involving in

PRINCIPAL
Vidyavardhaka Law College
Mysore - 570 001

these kinds of activities students will succeed in the profession in future. Attending courts like consumer courts, labour courts, revenue Courts, advocate's chamber etc. is important as students can understand the practical aspects of legal profession.

Overall parents too should support their children to involve in these kinds of activities and should supervise their children activities.

Prof Sainath, Principal, SDM First Grade Women's College, Mysuru spoke in this occasion on "**Human Values**" which is more important for legal professionals to understand. Addressing the students an elaborating about the topic he highlighted the life struggle of Nani Palkiwala who was an eminent jurist and liberal economist who set a best example for young and budding advocates. Speaking in this occasion he said Palakiwala was born in Bombay and hailed from a Parsi working class family. His father was in the palkhi business, and hence the surname Palkhivala. Palkhivala had the good fortune of joining the chambers of the great Jamshedji Kanga in Bombay. For sheer advocacy, Palkhivala was unsurpassable. Clarity of thought, precision and elegance of expression, impassioned plea for the cause he espoused, excellent court craft, and extraordinary ability to think on his legs rendered him an irresistible force. He was also briefed in practically every matter of constitutional significance in the Supreme Court. His forensic performances in the bank nationalization and Privy Purse cases were remarkable. He concluded his speech by telling students that they should follow the life of great personalities and strive to be like them.

Day 2

Dr. Kalicharan, Principal, Vidyavikas Institute of Legal Studies spoke on "**Careers in law**". He congratulated the students for choosing law as a career. He noted a saying "Fool me once, shame

on me, fool me twice, you may be qualified to go to law school". Today, legal profession is a growing profession. There are about 20 lakh advocates in India and every year the number is growing. Lawyers render valuable service to all segments of society. Laws are essential ingredient in the social fabric of every civilized society. The job of a lawyer is challenging and also satisfying when it comes to social service. He advised students to be legal professionals rather than lawyers.

Speaking on Legal Education he said, it is both professional as well as liberal. It aims at acquiring professional skills if taken as a profession. Legal studies are multi-disciplinary in character. Scientific background is not only necessary but it is essential.

Further, speaking on main areas of law he highlighted subjects like civil law, Criminal law, Labour Law, Tax law. He said in these areas different opportunities are available. Learning English language is equally important to have good hold on these subjects. The proceedings before Supreme Court and High Court are in English. Law education provides an edge to clear civil service examination too. It has a spring board for success in UPSC exams. He concluded by wishing students all the very best for pursuing the law course.

Dr Raveesh B.N, Professor & Head, Department of Psychology, MMC, Mysuru spoke in this occasion on "Personality Development". Addressing the students he raised few questions like- What Indian parents expect their children to become? But what they become is 100 % frustrated. Within first year of law school they enter depression and anxiety. This situation hampers their goal and development in a right path.

Speaking on certain aspects of life, he said values give direction and consistency to behavior. It helps us to know what to do and not to do. It establishes a relationship with the society. He highlighted steps in the transition into adolescence- puberty, independence, peer support, adult, psychological development, sexual development, mood swings, school transition; infotainment etc. students face such stages which may take them to choose a right path. It normally depends upon motivational factors. The dynamic triangles of motivation are social, physical and mental. They tend to influence the development of every child. What he will become and what he may do in future can be predicted through this. Lastly, he wished students to stay focused in their

PRINCIPAL
Vidyavardhaka Law College
Mysore - 570 001

studies and succeed in their profession.

Day 3

Prof. R. Sadananda, Lecturer, Govt. P.U. College, Mysuru delivered a lecture on '*Law and Language*'.

Prof. Sadananda in his lecture focused and opined the importance English Language in Legal Education and also in Legal Profession. The highly commendable insights of his lecture mentioned here. The meaning of advocate, which means advo-care and it denotes to protect others. The lack of knowledge in English leads many confusions and judicial dilemmas in framing and delivering judgment. Nowadays the language of social media created plenty of adverse meaning, take for example CU. Here 'see you' denotes 'will see you' but the simplified social media version becomes a tool of trouble maker in writing an English words.

Now in contemporary context, the usage of text book readers becoming very low and they addicted to google searching. This leads to major damage in literary readings. Hence, the students of current generation need to read the newspapers like The Hindu and concentrating particularly about legal decisions.

The programme concluded with the valedictory address delivered by Smt Deepu .P, Principal, VVLC. She addressed the students and highlighted the importance of this orientation programme. She also explained about the course, examination and evaluation process. Code of conduct for students, discipline, activities to be involved during the course of study in college was highlighted.

The programme concluded with the vote of thanks proposed by Prof M.C Rajesh.

communication skills, Analytical and research skills, judgment, Creativity, Logical thinking are some qualities of good advocate.

Advocacy is an important skill because it brings about a difference in people's lives, to their businesses, their residences and indeed to the society. They explained few important points of Advocacy are the necessary qualities a good lawyer should possess---

Preparation: Every hearing takes a lot of preparation in order to present the case in a perfect way. A good Advocate cannot afford to be clueless or get nervous while presenting the facts.

Planning: Not all facts and evidence should be presented in the first hearing itself. A good Advocate needs to plan out 'how much to show and when to show it. And also how much to hide' in order to preserve the confidential data from the opposition.

Perception: The Advocate's perception towards the case matters the most. If he is sure about his client being innocent, only then he will be able to prove him innocent in front of the Law.

Perseverance: Cases are never simple. If they were, people wouldn't have needed an Advocate in the first place! Thus, a good Advocate is someone who sticks to the case facing all the odds and difficulties inside as well as outside of the court.

Persuade: No person has ever or will ever be able to become a good lawyer without good persuasion skill. An Advocate should be sure of what he is speaking as well as be able to persuade others into believing him.

Lastly, good Advocate is someone who is always one step ahead of his opposition.

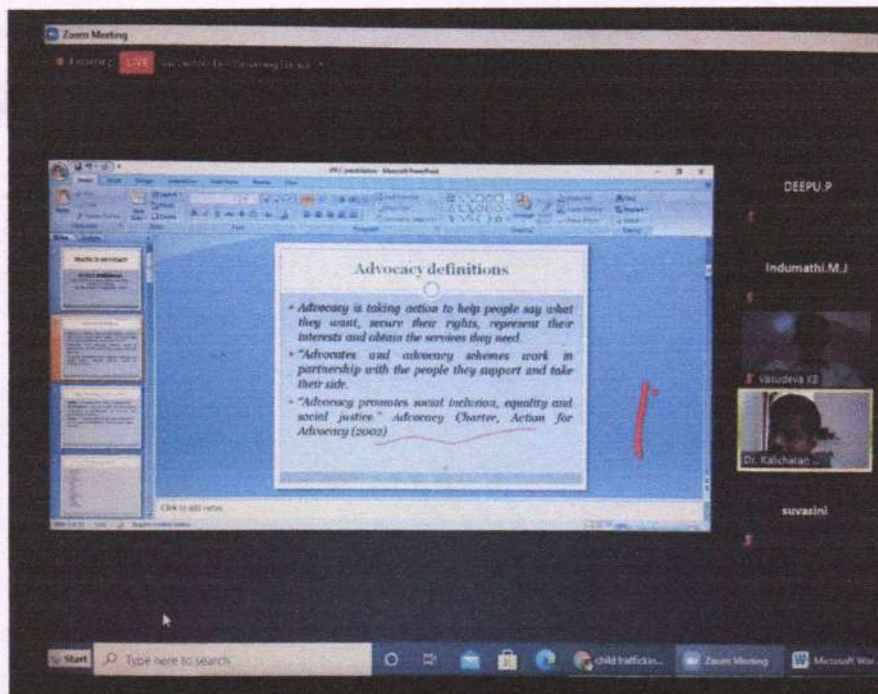

After the completion of Session III our principal Dr. Deepu P and Prof. K B Vasudeva, Director of legal studies, Vidyavardhaka law college Mysore immensely expressed their gratitude to every resource persons of the workshop. Even they expressed their gratitude to every participants of the career guidance workshop.

Students are at a stage in their lives where they can achieve more in life. They generally have the energy and enthusiasm they need to channelize it in the right direction. Sometimes students might get influenced by wrong things in life and need to be put on the right track. So institutions are generally conduct motivational sessions from time to time to inspire the students to become better human beings.

After the completion of second session, *we started our session III on TRAITS OF ADVOCACY by Dr. Kalicharan, Principal, Vidyavikas of legal studies Mysore.*

Our resource person stated that In Advocacy there must be Clarity of purpose, Safeguard, Confidentiality, Equality and diversity, Empowerment and putting people first are the principles of advocacy. Good

Our resource person explains about how Inspiration helps propel people forward. It pushes apathy away and awakens people to new and exciting possibilities. They're able to transcend their limitations and mundane lives. It can help all people to become more creative and help them to progress toward their goals if they are open to it.

Although inspiration impacts people in several meaningful and often magical ways, it is not something as elusive as it seems. Inspiration is everywhere, and it can be captured, activated, and manipulated. Most often, inspiration is found in others who say something or do something thought provoking and meaningful.

Success is subjective and different for each person. But irrespective of the fact, everyone strives to be successful in life and reach up to some target goal they have set in life. Be it a working professional or a student, everyone has some goals in mind they would want to achieve in a span of time. So in order to stay motivated and go in the right direction towards achieving success, a motivating speech is a must.

They explained the career option in India after law. Once a candidate has successfully completed an undergraduate degree of law, many future career options are open for him/ her. With a degree in BA LLB, B.Sc LLB, B.Com LLB, or LLB, students can venture many sectors for their professional debut. Some of the most popular sectors in which candidates seek jobs after completing graduation in law have been mentioned below.

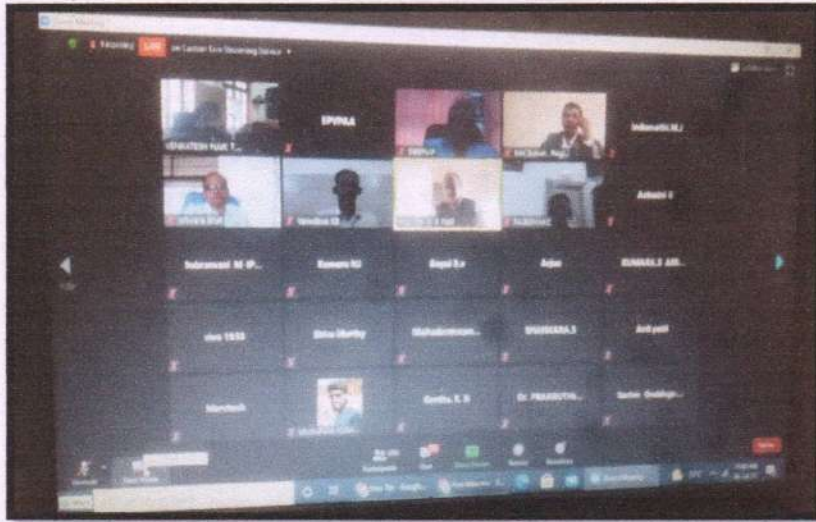

- Judiciary
- Practice of Law
- Government Jobs and Armed Forces
- Private Sector

Even they explain the career option through **International Focus**.

Legal education in India is similar to the one in Britain. Whereas several universities in the UK offer legal education to Indian students, Indian students quite enjoy working in the UK wherein they receive attractive salary packages. A recent trend has been that students from India study in law colleges in the USA and receive attractive jobs after completion of the course. Harvard Law School, Yale University, Australia National University, etc. are some attractive options for Indian law students these days.

After the first session we conducted the second session. The session II was on **WHY NOT I? (MOTIVATION)** by **Sri. Praveen V Gudi Motivator and life Coach, Founder My Life Hubballi.**

PRINCIPAL
Vidyavardhaka Law College
Mysore - 570 001

Our Chief Guest of the program also appreciated our university effort for promoting student oriented program such as career guidance program. Even they explain about legal aid and legal service authority in the administration of justice. These authorities give free legal aid to a person if he/she is not capable of bearing the expenditure. This includes appointing a lawyer in case the person is a defendant in a case.

Sri. Mohammed Zubair N KAS Registrar KSLU Hubballi also addressed the gathering through the moral story. They also appreciated for conducting the career guidance program to the final students of law colleges. Even they explain the importance of the term Justice. Justice is an ideal representing something that is just and right. It basically means being just, impartial, fair and right. What is just may depend on the context, but its requirement is essential to the idea of justice. Justice generally means the recognition, application and enforcement of laws by courts. This is different from the understanding of justice in the ancient period when it was given a religious and moralistic meaning.

Presidential speech was delivered by **Sri. Gundappa Gowda Hon, ble President of Vidyavardhaka Sangha Mysore**. They rendered the best wishes to our program.

Lastly we **request Dr. D Rangaswamy Assistant Professor, KSLU and co-ordinator** of the workshop to render the vote of thanks.

After inauguration programme, in the first session **Prof. K.S SURESH CEO, JSS Law College, Mysuru** delivered a lecture on **OPPORTUNITIES FOR LAW GRADUATES**.

SHESHADRI IYER ROAD MYSURU-1

REPORT ON ONE DAY ONLINE WORKSHOP ON CAREER GUIDANCE -2021

On 08-07-2021 one day online career guidance workshop was organized in association with Karnataka State Law University, Hubballi. This beneficiary of the workshop was final year students of law colleges of Mysore Zone.

We started our workshop through by the inauguration program. Before inaugurating the workshop our Principal Dr. Deepu P had welcome one and all. This workshop was inaugurated by **Prof. P. Ishwar Bhat** *Hon'ble Vice Chancellor, Karnataka state law University.*

Prof. P Ishwar Bhat Hon'ble Vice chancellor of KSLU inaugurated our workshop. While inaugurating the program they suggested to every law colleges to give much more importance to the establishment of Legal aid cell. Even they explain the power and the functions of Legal service Authorities who are playing a vital role for the achievement of Justice. They also stated that An Act to constitute legal services authorities to provide free and competent legal services to the weaker sections of the society to ensure that opportunities for securing justice are not denied to any citizen by reason of economic or other disabilities, and to organize lok Adalats to secure that the operation of the legal system promotes justice on a basis of equal opportunity.

make a preparation for to face a competitive exam. Even they explained about the importance of the constitution of India. While making preparation foe exam they have to concentrate on various aspects like constitution of central and state government. Administration of every organ of the state for the establishment of good governance. Aspirants should have a confidence to face the competitive exam with positive thinking and hard work.

Dr. Siddaraju KAS, Addl Commissioner, State Audit & Accounts Department explained about the importance of internet to the aspirants. And they also explained that how to the internet and the Books. They gave much more importance to books rather than internet. They also stated that only with the help of hard work and confidence everyone can face the competitive examination.

Sri Gajendra Prasad G S DYSP, Karnataka Police Academy, Mysuru expressed the view that every aspirants should gain there success only through by hard work and not through by money. Money cannot purchase the knowledge of a person. They also stated that every aspirants must have a basic principles about their life. They also express that more aspirants are gain success who comes from remote areas and backward villages. Every aspirants must utilize the resources which is available to them to gain success in the examination. Learning process must be in continuous in nature. There must be no destruction from other sources like internet. Using internet should be in limited manner.

Prof S.C Jayaramu, Estate, officer, UOM, They express the view that, aspirants must utilize the resources which is available in educational institution. Aspirants must know how to write the answer regarding the question which posed by the department. Every aspirants must learn and discussion must be held between the aspirants. Every aspirant must give an importance to the time.

Prof. K B Vasudeva, Director of legal studies They express the view that every student is the best. Every student must affectionate towards the text books. Everybody should know the administration of the system. Concentration is more necessary for every student. Every student must work hard. There are no short cuts for success. They express the view that how police system and police officer are working in our system.

Kum. Bhavya, PSI, Saraswathipuram Police Station Mysore as a resource of the workshop they express the view that every student must gain knowledge in every sector of the life. Every student must have goal in their life. To achieve goal in their life every student must work hard in their life.

As a resource person she expressed the view that how to face the competitive exam in their life. Though the difficulty may arise in the .life, but every student has to face the exam every confidently in their life.

Mahendra T S PSI Alanahalli Police Station, Mysore. They express the view that in every competitive examination, students must refer the previous year question paper. They also express that which book has to refer for the various subjects. While doing any work students must satisfy with their work. Every student must refer the books in the deep manner. They must analyse the book in preparation of the exam. Lastly Principal Smt. Deepu, delivered the vote of thanks

VIDYAVARDHAKA LAW COLLEGE
SHESHADRI IYER ROAD, MYSURU-1

REPORT ON CAMPUS TO COURT PROGRAMME

On 21st September 2022 Campus to court programme was organized in association with Adhivaktha Parishad, Mysuru. Mr K.R Shivashankar, senior Advocate, Mysore Bar spoke on Role of blossoming advocates in promoting judiciary. Addressing the students he said Lawyers play an important part in the administration of justice. The Profession itself requires the safeguarding of high moral standards. As an officer of the Court the overriding duty of a lawyer is to the Court, the standards of his profession and to the public. Since the main job of a lawyer is to assist the Court in dispensing justice, the members of the Bar cannot behave with doubtful scruples or strive to thrive on litigation.

Lawyers shall at all times maintain the honour and dignity of their profession as essential agents of the administration of justice.

The duties of lawyers towards their clients shall include:

- (a) Advising clients as to their legal rights and obligations and as to the working of the legal system in so far as it is relevant to the legal rights and obligations of the clients;
- (b) Assisting clients in every appropriate way, and taking legal action to protect their interests;
- (c) Assisting clients before courts, tribunals or administrative authorities, where appropriate.

Lawyers, in protecting the rights of their clients and in promoting the cause of justice, shall seek to uphold human rights and fundamental freedoms recognized by national and international law and shall at all times act freely and diligently in accordance with the law and recognized standards and ethics of the legal profession.

The programme was presided over by Smt Sharada, President of Adhivaktha Parishad, Mysuru South. She spoke about role of female advocates in legal profession. She said Women's entry and rising representation in the legal profession has been one of the most remarkable social changes in recent years. More women are now working in the judicial system than ever before, though they are still outnumbered by men. Important decisions about societal, legal, and financial practices are made in these jobs. Having more women serve in these roles helps to build the inclusivity, fairness, transparency, and representation of the people that the judicial system stands for. The influx of women currently in law school may signal that a more fair representation of women in the judiciary is on the way. This broader representation should also extend to non-binary and gender-fluid individuals, both in law school and on the bench. This could well be happening, but there is no data to

report. Such information needs to be collected for us to measure the full extent of gender representation in the judiciary.

The programme concluded with vote of thanks delivered by Mr Chandan Srinivas, Final year student. Faculty members and students were present in this occasion.

REPORT ON CAREER GUIDANCE PROGRAMME

On 8th December 2022 career guidance programme was organized for final year students. Career opportunities after law degree and pursuing post graduate programme abroad was explained to the students. The programme began with the welcome note delivered by Mr Shivakumar, Asst. Professor, VVLC. Mr. Srinivas Prasad, Mysore & Destination Expert from UniAbroad, an international educational advisory company along with his team were present in this programme. They spoke about opportunities for studying abroad in various universities. He said that their company provides various facilities like passport guidance, student counseling, course shortlisting, scholarship assistance, educational loan assistance, foreign exchange, student visa training, accommodation and flight booking guidance. 90% of the staff of their company has travelled abroad for studies and currently they mentor students to realize their dream of studying abroad. They provide best advice in choosing suitable universities in countries like UK, USA, and Australia. They have contacts with over 300 plus universities globally.

The programme concluded with vote of thanks proposed by Mr Sikandar Khan, Final year student. The team members shared their contact details with the students and distributed pamphlets giving details of their company.

Report of the Webinar on COVID 19: Myth & Fact

Vidyavardhaka Law College and Youth Red Cross Committee, Mysuru jointly organized a one day webinar titled *COVID 19: Myth & Fact* on 6th August 2020.

Dr. C. Ravindranath, Associate Professor, Dept. of Microbiology, Mysore Medical College & Research Institute, Mysuru presented a keynote lecture on *COVID 19: Myth & Fact*. Prof.P.Deepu, Principal, Vidyavardhaka Law College, welcomed the guest and all the webinar participants. Prof.K.B.Vasudeva, Director, Vidyavardhaka Law College, will be presided over the webinar.

The key points and important insights from Dr.C. Ravindranath is mentioned below:

Myths	Facts
COVID-19 virus does not survive in sun or warm weather	There is not much research available if this virus can and survive in warmer regions of the world. In fact, the virus is already prevalent in warmer countries like India, Singapore, Australia etc.
Hand Dryers can kill coronavirus.	Hand dryers do not prevent COVID-19. Instead, washing your hands regularly using alcohol-based sanitizer or hand wash will do you good.
Eating garlic will reduce risks of coronavirus	Garlic may be healthy food loaded with loads of antimicrobial properties. However, there is no evidence that this can protect you from the virus.
Receiving a package from an infected area can leave you affected.	No, getting a parcel from an infected area does not get you infected. This is because the infection does not survive packages and

PRINCIPAL
Vidyavardhaka Law College
Mysore - 570 001

	products.
Taking a hot bath can kill coronavirus	Having a hot shower will not prevent you from the virus as it still has the tendency to live in hot climatic conditions. Instead, consider washing your hands frequently and this will do you good.
COVID-19 affects only older people	People of all ages are affected by a coronavirus. However, older people who are suffering from diabetes, heart disease and asthma must take extra precaution.
Gargling with salt water will prevent COVID-19	Though coronavirus is a respiratory disease, it does not mean that salt water gargling can protect you. Increase your immunity to fight the germs
An infected mother cannot breastfeed	According to the WHO, a mother can breastfeed her child and this is because breast milk provides all the protection against any illnesses and powers up the baby's immune system.
Consumption of meat, eggs, and poultry causes coronavirus	COVID-19 is a virus that spreads from human-to-human and not due to the consumption of meat, eggs or poultry.

Prof. K.B. Vasudeva, in his presidential address shared his highly commendable information gathered from many source on **COVID 19: Myth & Fact.**

Dr. K.L.Chandrashekhara, Coordinator, Youth Red Cross Committee, VVLC, Mysuru concluded the webinar with vote of thanks.

Report of the Webinar on Learning during COVID 19: Challenges and Remedies

Vidyavardhaka Law College and Youth Red Cross Committee, Mysuru jointly organized a one day webinar titled *Learning during COVID 19: Challenges and Remedies* on 13th August 2020. Sadananda R., Lecturer in English, Writer & Critic, Govt. P.U. College for Girls, Hunasuru, presented a keynote lecture on *Learning during COVID 19: Challenges and Remedies*. Prof. P.Deepu, Principal, Vidyavardhaka Law College, welcomed the guest and all the webinar participants. Prof.K.B.Vasudeva, Director, Vidyavardhaka Law College, will be presided over the webinar.

The key points and important insights from R. Sadananda's lecture is mentioned below:

At no time has higher education been so comprehensively impacted as it has been by the COVID-19 pandemic, demanding complex and innovative responses. The effects of the global pandemic can be found in countries, communities and on campuses everywhere, causing unique educational, economic and social challenges and deepening existing ones.

Student affairs and services, students, institutions, living and learning communities and higher education stakeholders are compelled to innovate and collaborate more effectively, especially across borders and regions, to mitigate the impact of this crisis on education, society, culture, attitudes and practices.

There are more than 50,000 tertiary colleges, universities and institutes worldwide serving 200 to 300 million students and communities. The impact of the pandemic is of epic proportions and institutions are scrambling to find ways to continue the learning and development process and doing so in a safe environment for students, academics, administrative staff and support staff.

Some institutions will not survive this crisis. Others will be forced to reinvent, retool and rethink their mission and how they deliver on their goal to educate, conduct research, and

PRINCIPAL

Mysore - 570 001

provide a meaningful service to society and advance social justice in communities and across the globe.

Practitioners and scholars of student affairs and services, or SAS, have been challenged to respond to the crisis in ways that innovate and invent new avenues, to continue to preserve efforts to meet student needs, to enhance student learning and development, and to advance social justice for all.

Many challenges

All regions share concern about how to care for students adequately and ensure their return, if possible, to a safe home. They are concerned about maintaining services if not with facemasks then remotely, and are concerned about student visas, accommodation and health care.

The concern is about COVID-19 driving students back into homes which are sometimes not safe, into communities which are not always aligned with goals of higher education. COVID-19 is also depriving some students of work study opportunities, casual and part-time work, which provide essential income to many students.

Apart from these more obvious challenges around student wellness and teaching and learning continuity, we are aware of risks that student affairs and services is focusing mainly on crisis responses, essentialising SAS to a narrow range of response services which aim to provide a service to the pragmatic aspects around learning.

The COVID-19 crisis has laid bare the inequalities in education systems. When we confidently hoped that education would be a social equaliser and a social mobility avenue, we are now staring in the face of the deep rifts between the connected and the unconnected.

But it is not only the access to internet connection that is dividing our world. We are also divided on issues of access to facilities and resources, clean water, safe homes and adequate health care. We are divided on issues of institutional autonomy and regulatory bodies, on political control of our institutions and funding formulas, and institutional and student readiness for innovation.

COVID-19 has increased fear: fear of contagion, which has led to a contagion of fear. Fear of each other. A fear that we may not be able to mitigate with online chats, webinars or learning platforms, a fear that we may not be able to address when students hunch over their keyboards. When studying at higher education institutions is reduced to mastering content, then the overall aims of higher education are missed.

When engaging with tertiary education, students should develop a consciousness of their role as agents in social justice, leadership awareness and competencies, critical thinking and acting, and an appreciation for inclusion, diversity and pluralism.

The assertion is not that this cannot be developed elsewhere, but that many opportunities of student development are missed when the university experience and teaching and learning are reduced to an online engagement.

These are the real challenges for SAS – how do we advance these graduate attributes and competencies when online learning of modularised learning units becomes the norm? How do we utilise the COVID-19 crisis as a student, staff and institutional learning experience?

This has become the challenge for the post-COVID-19 world: how do we ensure students become agents of social justice, develop a sense of belonging and empowerment to be part of knowledge creation, and ultimately develop the kind of attributes that equip them to shape the world into a shared place where fear of the other is replaced by care for each other.

Prof. K.B. Vasudeva, in his presidential address shared his highly commendable knowledge relating to the educational crisis affected due to Covid 19.

Dr. K.L.Chandrashekhara, Coordinator, Youth Red Cross Committee, VVLC, Mysuru concluded the webinar through his vote of thanks.

Webinar Report on “A Bird’s Eye View on The Narcotic Drugs and Psychotropic Substances Act, 1985”

The IQAC wing and Student Council of our college has organized webinar on “A Bird’s Eye View on The Narcotic Drugs and Psychotropic Substances Act, 1985” which was held on 6/10/2020 at 10:30AM to 11:45. The distinguished speaker of the webinar was Sri. Tammanna. C, Senior Assistant Public Prosecutor, Mysuru. In the beginning Prof. K.B. Vasudeva, Legal Director, has briefed the objectives of webinar and the relevance of webinar topic and also briefed about distinguished speaker and Principal, Deepu. P, has welcomes all participants and introduced the distinguished speaker of the webinar to all participants.

Sri. Tammanna. C the distinguished speaker has expressed the concern on the relevance of the topic. The speaker has started to enlighten all participants with the importance of the NDPS. Act, 1985 and its important definitions like, Sec 2, Clause (xiv), Narcotic Drugs, Sec 2, Clause (xxiii) Psychotropic Substances, purposes of in using Narcotic Drugs, forms of drugs and drug dealing as organized crime. Further they emphasized on the significant role of United Nations and its member countries, international conventions in control of drug cartel, punishments, remedies for addicts and drug abuses, and reasons in enacting the act. The speaker also enlighten on pre-trial, like arrest, search, seizure, fir, trial proceedings, post-trial proceeding and punishment etc. and finally they clarified all question and doubts of all participants and at the end Coordinator of the webinar, Dr. Kumara.N.J, expressed vote of thanks.

The webinar was meaningful and fruitful for the society and has completed successfully. More than 450 members were registered for this webinar. More than 300 hundred students of VVLC, students of other law colleges of Mysuru, and from other law colleges across the states, Academicians, Professors, experts in the field of criminal law, Research scholars, Advocates were presented. The webinar was enlightened all participants on various global, national as well local issues on drugs mafia/cartels and NDPS. Act. 1985.

Finally, online certificates were issued to all registered participants and webinar attendees and collected the feedback from all participants.

REPORT OF FREE 1ST & 2ND DOSE VACCINATION DRIVE FOR VVLC STUDENTS

Vidyavardhaka Law College, Mysuru organized a one day *Free 1st and 2nd dose Vaccination Drive for VVLC Students* with the medical aid of Primary Health Centre of Mysuru City Corporation. This free vaccination drive was held at 10am at the premise of Vidyavardhaka Law College for students and staffs of the college. With the objective of vaccinating everyone, the drive was conducted with the help of Primary Health Centre of Mysuru City Corporation. 44 students and staffs of the college received the vaccination on 22nd October 2021.

The one day vaccination programme formally flagged off in the presence of Dr. P. Deepu, Principal, VVLC and Prof. K.B. Vasudeva, Director of Legal Studies, VVLC, Mysuru. Dr. P. Deepu delivered a short keynote address relating to the importance of Covid vaccination drive. Prof. K.B. Vasudeva highlighted the benefits and impacts of 1st and 2nd dose vaccination.

A Student of VVLC vaccinating her 2nd drive Covisheild

A Faculty member of VVLC vaccinating his 2nd drive Covisheild

Dr. K.L. Chandrashekhara, Coordinator, Youth Red Cross committee concluded this vaccination drive programme by offering vote of thanks to staff of Primary Health Centre of Mysuru City Corporation.

Report of the Free Vision Screening Camp

Youth Red Cross Committee, Vidyavardhaka Law College, Mysuru in association with Vasana Eye Care Hospital, Mysuru organized a two-day Free Vision Screening camp on 29th & 30th June 2022, held at Vidyavardhaka Law College, Mysuru.

Mr. Vinod Kumar S., Centre Head, Vasana Eye Care Hospital, Mysuru, delivered a keynote address relating to '*Eye Care -Enhance Your Vision*'. He opined:

Your eyes are an important part of your health. Most people rely on their eyes to see and make sense of the world around them. But some eye diseases can lead to vision loss, so it is important to identify and treat eye diseases as early as possible. You should get your eyes checked as often as your health care provider recommends it, or if you have any new vision problems. And just as it is important to keep your body healthy, you also need to keep your eyes healthy.

Eye Care Tips

There are things you can do to help keep your eyes healthy and make sure you are seeing your best:

- **Eat a healthy, balanced diet.** Your diet should include plenty of fruits and vegetables, especially deep yellow and green leafy vegetables. Eating fish high in omega-3 fatty acids, such as salmon, tuna, and halibut can also help your eyes.
- **Maintain a healthy weight.** Being overweight or having obesity increases your risk of developing diabetes. Having diabetes puts you at higher risk of getting diabetic retinopathy or glaucoma.
- **Get regular exercise.** Exercise may help to prevent or control diabetes, high blood pressure, and high cholesterol. These diseases can lead to some eye or vision problems. So if you exercise regularly, you can lower your risk of getting these eye and vision problems.
- **Wear sunglasses.** Sun exposure can damage your eyes and raise your risk of cataracts and age-related macular degeneration. Protect your eyes by using sunglasses that block out 99 to 100% of both UV-A and UV-B radiation.

Mr. Vinod Kumar S., Centre Head, Vasan Eye Care Hospital, Mysuru, delivered a keynote address relating to 'Eye Care - Enhance Your Vision'.

- **Wear protective eye wear.** To prevent eye injuries, you need eye protection when playing certain sports, working in jobs such as factory work and construction, and doing repairs or projects in your home.

REPORT TITLE

PRINCIPAL
Vidyavardhaka Law College
Mysore - 570 001

- **Avoid smoking.** Smoking increases the risk of developing age-related eye diseases such as macular degeneration and cataracts and can damage the optic nerve.
- **Know your family medical history.** Some eye diseases are inherited, so it is important to find out whether anyone in your family has had them. This can help you determine if you are at higher risk of developing an eye disease.
- **Know your other risk factors.** As you get older, you are at higher risk of developing age-related eye diseases and conditions. It is important to know your risk factors because you may be able to lower your risk by changing some behaviors.
- **If you wear contacts, take steps to prevent eye infections.** Wash your hands well before you put in or take out your contact lenses. Also follow the instructions on how to properly clean them, and replace them when needed.
- **Give your eyes a rest.** If you spend a lot of time using a computer, you can forget to blink your eyes and your eyes can get tired. To reduce eyestrain, try the 20-20-20 rule: Every 20 minutes, look away about 20 feet in front of you for 20 seconds.

Eye Tests and Exams

Everyone needs to have their eyesight tested to check for vision and eye problems. Children usually have vision screening in school or at their health care provider's office during a check-up. Adults may also get vision screenings during their check-ups. But many adults need more than a vision screening. They need a comprehensive dilated eye exam.

Getting comprehensive dilated eye exams is especially important because some eye diseases may not have warning signs. The exams are the only way to detect these diseases in their early stages, when they are easier to treat.

The exam includes several tests:

- A visual field test to measure your side (peripheral) vision. A loss of peripheral vision may be a sign of glaucoma.
- A visual acuity test, where you read an eye chart about 20 feet away, to check on how well you see at various distances
- Tonometry, which measures your eye's interior pressure. It helps to detect glaucoma.
- Dilation, which involves getting eye drops that dilate (widen) your pupils. This allows more light to enter the eye. Your eye care provider examines your eyes using a special magnifying lens. This provides a clear view of important tissues at the back of your eye, including the retina, macula, and optic nerve.

If you have a refractive error and are going to need glasses or contacts, then you will also have a refraction test. When you have this test, you look through a device that has lenses of different strengths to help your eye care professional figure out which lenses will give you the clearest vision.

Dr.P. Deepu, Principal, Vidyavardhaka Law College, Mysuru delivered presidential address. She highlighted the importance of eye care and eye donation. In her presidential address she opined:

Ever played the blind man's buff game, then you must probably know exactly how it feels to be unable to see. Unfortunately, some people are born blind, some lost their eyesight in an accident or for any other reason. Give a thought about how it feels when they regain their sight to see this beautiful world. We understand—donating the gift of sight is a life-changing decision that touches so many people's lives, it's a divine gesture! Let us understand the importance of eye donation and encourage people to donate eyes.

Statistics show that there are 12 million+ blind people in India and out of this, 3 million people are suffering from corneal blindness. From each pair of donated eyes, two blind people will get vision and light into their life, thus making it more divine. Donated eyes can be also used to restore vision of people who are suffering from corneal blindness. The other portions of the eye can be used to develop cures for some of the common eye diseases for research and training purposes. Preferable to complete the procedure within 6-8 hours after death. Trained staff will come and perform the procedure, which takes only 15-20 minutes. No damage would be caused during the procedure. An estimated of 30,000 corneas are donated and transplanted each year, but the fact is that there is still a long waiting list at the eye banks. Thus, it's time you to take the pledge and make someone else's life beautiful.

REPORT OF THE FREE VACCINATION CAMP FOR VVLC STUDENTS

Vidyavardhaka Law College, Mysuru organized a one day *Free 1st Dose Vaccination Drive for VVLC Students* with the medical aid of Primary Health Centre of Mysuru City Corporation. This free vaccination camp was held at 10am at the premise of Vidyavardhaka Law College for students and staffs of the college. With the objective of vaccinating everyone, the drive was conducted with the help of Primary Health Centre of Mysuru City Corporation. 168 students and staffs of the college received the vaccination on 06th July 2021.

The one day vaccination camp formally flagged off in the presence of Dr. P. Deepu, Principal, VVLC and Prof. K.B. Vasudeva, Director of Legal Studies, VVLC, Mysuru. Dr. P. Deepu delivered a short keynote address relating to the importance of Covid vaccination drive. Prof. K.B. Vasudeva highlighted the benefits and impacts of vaccination for Covid.

A Student of VVLC vaccinating his 1st drive Covisheild

A Staff of VVLC vaccinating his 1st drive Covisheild

The highlights of the lecture delivered by Prof.K.B.Vasudeva, is mentioned below:

The COVID-19 vaccines produce protection against the disease, as a result of developing an immune response to the SARS-Cov-2 virus. Developing immunity through vaccination means there is a reduced risk of developing the illness and its consequences. This immunity helps you fight the virus if exposed. Getting vaccinated may also protect people around you, because if you are protected from getting infected and from disease, you are less likely to infect someone else. This is particularly important to protect people at increased risk for severe illness from COVID-19, such as healthcare providers, older or elderly adults, and people with other medical conditions.

The COVID-19 vaccines are safe for most people 18 years and older, including those with pre-existing conditions of any kind, including auto-immune disorders. These conditions include: hypertension, diabetes, asthma, pulmonary, liver and kidney disease, as well as chronic infections that are stable and controlled.

Vaccination protects you from getting seriously ill and dying from COVID-19. For the first fourteen days after getting a vaccination, you do not have significant levels of protection, then it increases gradually. For a single dose vaccine, immunity will generally occur two weeks after vaccination. For two-dose vaccines, both doses are needed to achieve the highest level of immunity possible.

Dr. K.L. Chandrashekhara, Coordinator, Youth Red Cross committee concluded this vaccination drive programme by offering vote of thanks to staff of Primary Health Centre of Mysuru City Corporation.

REPORT OF THE FREE 1ST DOSE VACCINATION DRIVE FOR VVLC STUDENTS

Vidyavardhaka Law College, Mysuru organized a one day *Free 1st Dose Vaccination Drive for VVLC Students* with the medical aid of Primary Health Centre of Mysuru City Corporation. This free vaccination drive was held at 10am at the premise of Vidyavardhaka Law College for students and staffs of the college. With the objective of vaccinating everyone, the drive was conducted with the help of Primary Health Centre of Mysuru City Corporation. 156 students and staffs of the college received the vaccination on 30th June 2021.

The one day vaccination programme formally flagged off in the presence of Dr. P. Deepu, Principal, VVLC and Prof. K.B. Vasudeva, Director of Legal Studies, VVLC, Mysuru. Dr. P. Deepu delivered a short keynote address relating to the importance of Covid vaccination drive. Prof. K.B. Vasudeva highlighted the benefits and impacts of 1st dose vaccination.

A Student of VVLC vaccinating his 1st drive Covisheild

A Student of VVLC vaccinating his 1st drive Covisheild

The highlights of the Keynote address delivered by Dr.P.Deepu, is mentioned hereunder:

- How well do the COVID-19 vaccines work?
- The COVID-19 vaccines are the best way to protect yourself and others.
- Research has shown the vaccines help:
 - reduce your risk of getting seriously ill or dying from COVID-19
 - reduce your risk of catching or spreading COVID-19
 - protect against COVID-19 variants

The 1st dose should give you some protection from 3 or 4 weeks after you've had it. But you need 2 doses for stronger and longer-lasting protection.

There is a chance you might still get or spread COVID-19 even if you have a vaccine, so it's important to follow advice about how to avoid catching and spreading COVID-19.

Side effects and safety

They can cause some side effects, but not everyone gets them.

Any side effects are usually mild and should not last longer than a week, such as:

- a sore arm from the injection
- feeling tired
- a headache
- feeling achy
- feeling or being sick
- More serious side effects, such as allergic reactions or blood clotting, are very rare.

Dr. K.L. Chandrashekhara, Coordinator, Youth Red Cross committee concluded this vaccination drive programme by offering vote of thanks to staff of Primary Health Centre of Mysuru City Corporation.

SPECIAL LECTURE REPORT 2020-2021

On 6th March 2021 the Special Lecture on “**Law and Spirituality** ” was organized by our college Justice Arvind Shiwagouda Pachhapure Rtd. Hon’ble Judge High Court of Karnataka was the resource person. Justice reminds of his law college days while addressing the gathering he recalls the speech delivered by a Sessions Judge, regarding the definition of law in the context of a common man saying “law is nothing but common sense, written in words it has no sense where we require lawyers, and the judge to decide which is the best sense”. Justice pointed out that, we have the fear of law only because we can’t understand the language. The hardships of Latin maxims in the legal subjects , the varsity of language across the state. “*Res ipsa locutor* “*(the thing speak itself)* whereas the English term seems easier than the Latin. The circumstances existing in the place, he spoke about the incident it’s just a matter of sense among the layman, professor and judge also pointed out the sanskrit shlokas, “*Sarve Jana Sukhinobavanthu*” as the basic principle of our approach to law , as it was the expectations and aspirations of our ancestors .

In his speech, he specially mentioned about that, GOD is unseen it also understand the connect between spirituality and justice in general. Law and Spirituality are bound together at a fundamental level. Although law focuses on our separate bodies and spirituality focuses on that unseen which unites us, they are interactive and mutually dependent entities. Accordingly, one tends to find peace and happiness flourishing where law supports spirituality and where law, although carefully defined to protect the individual, is infused with an awareness of the individual’s concomitant spirituality (unity, oneness). On the other hand, one tends to find strife and warfare where law denies or is in conflict with spirituality, or where spirituality has lost its legal support. Justice as an ideal has spiritual value, which expresses spiritual humanism, which is the ultimate goal of our civilization. Justice is in fact the central theme of our Constitution. The Constitution promises social, economic and political justice to all citizens. It also envisages the establishment of an egalitarian society founded on liberty, equality and fraternity through the instrument of law.

PRINCIPAL
Vidyavardhaka Law College®
Mysore - 570 001

In his speech justice correlated with the spirituality and justice itself is an indicator of its core value in the legal process the law enlists the rights and duties of the parties, we all know that it is here to come to the aid of those whose actions have propelled such a protection, and punishes those who have been the performers of misdeeds. The judgment is nothing but reflections of one's actions of the past that have made them come in front of the courtroom. If one looked at the law and its process from these lines, then one realizes that it is no different, from what the notion of "Karma" is in the spiritual sphere.

Sri. Gundappa Gowda, Hon'ble President, Vidyavardhaka Sangha®, Mysuru rendered the Presidential Address. In the presidential address he pointed out the, Origin and History of VV Sangha , Law college and other connected institutions the dedication of staffs towards the success of the institutions and the support rendered by the management. Requirement of commitment and loyalty of staffs to any institutions. Recalling the incidents of meeting the Justice in Kolhapur, Mysuru where the invitation to address our college was given way back. The importance of spirituality along with all other potential in a person to succeed well. Gandhiji's experiences in Bombay, South Africa as a barrister. An instance of a case before him which has lacked truth and subsequently when it won thereafter, Gandhi said that Only the case has won but not the truth. Finally the programme ended with vote of thanks rendered by M C Rajesh, Co ordinator of this programme

REPORT OF THE WORLD BLOOD DONOR DAY -2023

14 JUNE 2023

VIDYAVARDHAKA LAW COLLEGE
Report by: Dr. K.L. CHANDRASHEKHARA

PRINCIPAL
Vidyavardhaka Law College
Mysore - 570 001

REPORT OF THE WORLD BLOOD DONOR DAY -2023

The slogan for 2023 World Blood Donor Day campaign, celebrated on 14 June 2023, is “Give blood, give plasma, share life, share often.” It focuses on patients requiring life-long transfusion support and underlines the role every single person can play, by giving the valuable gift of blood or plasma. It also highlights the importance of giving blood or plasma regularly to create a safe and sustainable supply of blood and blood products that can be always available, all over the world, so that all patients in need can receive timely treatment.

On account of World Blood Donor Day 2023, Youth Red Cross Committee, Vidyavardhaka Law College, Mysuru in association with NSS, VVLC, Mysuru organized awareness programme on blood donation.

Dhanushree, student of Final Year LL.B. started programme with her welcome address. Dr. Lakshmidevi, Vice President, Red Cross, Mysuru Unit, Mysuru highlighted in her Keynote address on World Blood Donor Day 2023:

The World Blood Donor Day is celebrated every year on June 14 to thank the altruistic acts of selflessness of voluntary blood donors and celebrate life and humanity. Blood is the most precious gift that anyone can give to another person – the gift of life. A decision to donate blood can save a life, or even several lives, if the blood is separated into its components – red cells, platelets and plasma – which can be used individually for patients with specific conditions.

However, blood donation can also come with its own set of benefits for donors. Blood donation can help reduce excess iron levels in the blood thereby preventing hemochromatosis, a condition which can increase risk of cardiovascular diseases including heart attack and stroke. This can help with early detection of certain health conditions, such as anaemia or infectious diseases, which may otherwise go unnoticed.

Dr. Lakshmidēvi, Vice President, Red Cross, Mysuru Unit, Mysuru presenting her Keynote address on World Blood Donor Day 2023.

Blood donation significance

The importance of donating blood is not only to save the lives of thousands of people who are deprived of life, but also to save the lives of many more who are affected by various diseases and help them to fight numerous illnesses.

Blood donation does not cause weakness. As per published literature, Blood volume (plasma) is replenished within 24-48 hours. Red blood cells are replenished in 3-4 weeks in healthy adults after donation.

Dr. Lakshmidevi, Vice President, Red Cross, Mysuru Unit, Mysuru presenting her Keynote address on World Blood Donor Day 2023.

Blood donation benefits

Blood donation has profound health benefits. It not only does it provide essential support in medical emergencies, patients undergoing surgeries, cancer treatments, but it also holds significant advantages for the donors themselves.

Regular blood donation helps maintain healthy iron levels in the body, reducing the risk of conditions like hemochromatosis. This protects the body against cardiovascular diseases and minimizes heart attack risks. Blood donation help with early detection of certain health conditions, such as anaemia or infectious diseases. After donating blood, the body produces new cells to enhance overall health and works towards replacing the volume of blood lost within 48 hours of donation. Most of the people who donate their blood tend to recover fast from their diseases and even live a longer life, it also helps in weight loss and in maintaining healthy liver reduces risk cancer.

Dr. Deepu P, Principal, Vidyavardhaka Law College, Mysuru, in her Presidential address opined:

Improves Heart Health

Donating blood improves your overall cardio vascular health. Increased level of iron in the blood raises the chance of heart diseases. Regularly donating blood helps males in particular to reduce the amount of iron in the blood. This can reduce the chance of heart attack by 88%. Additionally, regular blood donation can lower the risk of severe cardio vascular events such as stroke by 33%.

Dr. Deepu P, Principal, Vidyavardhaka Law College, Mysuru, presenting Presidential Address.

Burns calories

Donating blood on a regular basis can also improve fitness. Donating one pint of blood (450 ml) burns 650 calories in donor's body.

Enhances feeling of well-being in elderly people

Many elderly people who are in good health have reported feeling invigorated and re-energized by giving blood on a regular basis.

Dr. Deepu P, Principal, Vidyavardhaka Law College, Mysuru, presenting Presidential Address.

Reduces the risk of cancer

Give blood to help lower your risk of cancer. According to the Miller- keystone blood center, consistent blood donation is associated with lowered risks of cancers, including liver, lung, colon, stomach and throat cancers. Risk levels drop in correlation with how often participants donate blood.

Saves lives

By donating blood, many lives are saved and hope is given to many whose situation may otherwise be hopeless. Blood donors give such patients a second chance of life.

Free health screening done

In addition to all of these benefits, a donor receives a free prior health screening plus mini blood test. There will be an Hb (Haemoglobin) level test as well as a blood pressure and body check. Blood is also tested for some major diseases and the donor is immediately informed in strict confidentiality if any of these tests show positive results.

Prof. K.B.Vasudeva, Director of Legal Studies, Vidyavardhaka Law College, Mysuru shared dais with Resource Person and Principal as Guest of Honour.

Dr. K.L. Chandrashekhara, Coordinator, Youth Red Cross Committee, Vidyavardhaka Law College, Mysuru concluded the programme by vote of thanks.
