NECESSITY OF ELECTORAL SYSTEM REFORMS

On 19th January 2023 at 10:30am final year students attended the interaction programme on Necessity of Electoral System Reforms organized by Mysuru District Office and Mysuru City Corporation. Sri Vishveshwara Hegadga Kageri was the resource person. He spoke that, ndia is the largest democracy in the world. Elections are the most integral and important part of politics in a democratic system of governance. True democracy can function only when elections to the offices of power are held in a free and fair manner. It is generally accepted that while the first three general elections were held in a free and fair manner, a plummeting of standards started during the fourth general elections in 1967. Many consider the electoral system in the country as the basis of political corruption. In this programme students from various college in Mysore city attended and interacted with the resource persons.
