Dr. B.R Ambedkar Jayanthi Celebration

Report

2024-25

- **On 14th April 2025 at 10:00 am Dr. B.R Ambedkar Jayanthi was celebrated in the college. In this occasion our principal Dr. Deepu P pointed out the contribution by the Baba Shaheb for changeling status of women and labour.** Dr. B.R. Ambedkar strongly advocated for the rights of women and the upliftment of labor. He believed in equal opportunities and treatment for women, challenging patriarchal structures and advocating for their active participation in all aspects of society. He also championed the rights of laborers, ensuring their well-being through legislation and social reforms. He was instrumental in reducing working hours and improving working conditions for women. **Equal pay and equal rights** - He drafted legislation such as the Mines Maternity Benefit Act, which demanded equal pay and equal rights for coal mine workers. **Maternity leave for women** - He ensured that the question of maternity leave for women was brought up and they were protected under labour laws. **Reproductive rights of women** - He was a strong believer of it and urged them to make their own choices about conception. **Joginis and devadasis** - Since they were typically belonged to Dalit he was against devadasi system. **Birth control facilities** - In 1938, Ambedkar as a Legislative Assembly member of Bombay, recommended that birth control facilities be made available to women. Dr.

B.R. Ambedkar played a significant role in shaping Indian labor policy and the rights of workers. He believed that labor security is achieved through legislation and that the government should enforce welfare conditions on employers. Ambedkar also recognized the importance of the right to strike for workers and advocated for equal pay for equal work, regardless of sex, within the industrial sector, according to The Dalit Voice. He established the Tripartite Labour Council to ensure collaboration between workers, employers, and the government in formulating labor policies.
